MIDLAND HIGHWAY

BRIDGEWATER BRIDGE

Please note, minor delays and intermittent road closures may occur on roads and highways throughout the project site during off peak times to facilitate construction activities.

Concrete barriers have been installed on Brooker Highway, Lyell Highway and Midland Highway to separate traffic from our workers. Traffic has been reduced to one lane in each direction with a reduced speed limit. Construction work will continue behind these barriers. Minor delays and intermittent road closures may occur on roads and highways throughout the project site during off peak times to facilitate construction activities.
